# #1 Quadra

Artelinea da sempre considera i propri mobili “oggetti” unici in virtù della possibilità di personalizzarli con la scelta di colori, finiture e abbinamenti. Quadra porta all'estremo questo concetto non solo con l'ampliamento della gamma cromatica e materica ma soprattutto nella componibilità.

Artelinea has always considered its furniture to be unique “objects” thanks to the possibility of customizing them choosing their colors, finishes and combinations. Quadra carries this concept to the extreme not only with the expansion of the chromatic and material range but above all with its modularity.

Artelinea a toujours créé des objets uniques, meubles individualisés en vertu des innombrables possibilités de personnalisation des couleurs et des matières. Quadra extrême ce concept non seulement grâce à l'extension de la gamme chromatique et de la palette des matières mais surtout à travers la grande modularité de ses éléments.

Artelinea hat seine Möbel immer als einzigartige „Objekte“ angesehen, da sie durch die Auswahl von Farben, Oberflächen und Kombinationen personalisiert werden können. Quadra bringt dieses Konzept nicht nur mit der Erweiterung des Farb- und Materialbereichs, sondern vor allem in der Modularität auf das Äußerste.

La trasversalità non si ferma agli abbinamenti di mobili, specchi e lavabi ma si concretizza nella coerenza tra le collezioni che diventano strumenti di progettazione.

The transversality does not end with the combinations of furniture, mirrors and washbasins but is also realized in the coherence between the collections that become design tools.

La transversalité ne s'arrête pas à l'association meubles/miroirs/vasques, elle se concrétise dans la cohérence entre les collections qui deviennent de véritables instruments de conception.

Die Transversalität hört nicht bei den Kombinationen von Möbeln, Spiegeln und Waschbecken auf, sondern wird in der Kohärenz zwischen den beiden Kollektionen verwirklicht, die zu Designwerkzeugen werden.

Come un calmo bacino naturale, il lavabo Cortina unisce trasparenze e suggestioni, riportando alla memoria storie antiche di vetri e natura, di saggezza e temperamento, di viaggi e di scoperte. Artelinea riscrive il lavabo in appoggio traducendolo in misure e geometrie contemporanee.

Like a calm natural basin, the Cortina washbasin combines transparencies and suggestions, recalling ancient stories of glass and nature, of wisdom and temperament, of travel and discovery. Artelinea, thanks to its technological skills, rewrites the over level basins with new sizes and contemporary geometry, with colours beyond fashion.

Comme un bassin d'eau naturel et calme, la vasque Cortina unit transparences et suggestions, ramenant à la mémoire des histoires anciennes de verre et de nature, de sagesse et de tempérament, de voyages et de découvertes.

Wie ein ruhiges natürliches Becken kombiniert das Cortina-Waschbecken Transparenzen und Vorschläge und erinnert an alte Geschichten über Glas und Natur, über Weisheit und Temperament, über Reisen und Entdeckungen. Artelinea schreibt das Aufsatzbecken neu und übersetzt es in zeitgenössische Größen und Geometrien.

Volumi

La cifra stilistica di Volumi è data dall'apertura a gola in alluminio e dalla modularità che si sviluppa dal cassetto: un elemento contenitivo diventa il segno distintivo della collezione.

The style of Volumi is given by the opening aluminum strip and the modularity that develops from the drawer: a storage element becomes the hallmark of the collection.

L'empreinte stylistique de Volumi est sa gorge prise de main en aluminium et sa modularité qui se développe à partir du simple tiroir : un élément de rangement qui devient le signe distinctif de la collection.

Die stilistische Handschrift von Volumi ist die Griffleiste aus Aluminium und die Modularität, die sich aus der Schublade entwickelt: Ein Aufbewahrungselement wird zum Markenzeichen der Kollektion.

Rigore contemporaneo: Volumi declinato nel cassettone con lavabo in appoggio fa della semplicità il valore aggiunto e duraturo.

Contemporary rigorous shapes: Volumi vanities with deep drawer make simplicity an added and lasting value.

Rigueur contemporaine: Volumi dans sa version grand caisson avec vasque à poser fait de la simplicité une valeur ajoutée durable.

Alexander nasce dalla voglia di proporre un oggetto lussuoso nell'immagine, ricco nei materiali, esclusivo nei dettagli.

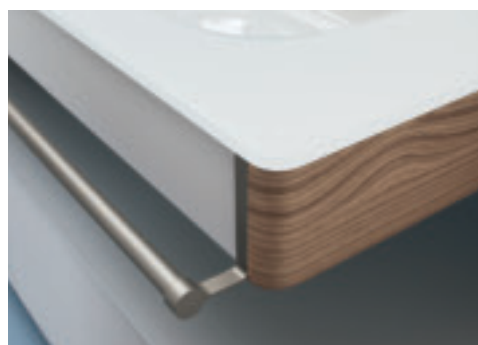

Alexander was born from the desire to propose an object, rich in materials, exclusive in details with a luxurious image.

Alexander nait de l'envie de proposer un objet luxueux dans l'image qu'il véhicule, riche dans les matières dont il se pare, exclusif dans les détails.

Come il famoso drink,  
Alexander gioca sull'equilibrio:  
fianchi con leggera raggatura  
con le finiture legno di Artelinea,  
portasciugamani in metallo e  
frontali in vetro sono gli ingredienti  
per comporre un mobile esclusivo  
e personalizzabile.

Like the famous drink, Alexander  
plays on balance: slightly rounded  
sides in Artelinea wood finishes,  
metal towel racks and glass  
front panels are the ingredients  
to compose an exclusive and  
customizable piece of furniture.

Tout comme le célèbre cocktail,  
Alexander joue sur l'équilibre :  
cotés légèrement arrondis dans  
les finitions de bois de la gamme  
Artelinea, porte-serviettes en  
métal et revêtements frontaux  
en verre sont les ingrédients qui  
composent un meuble exclusif et  
personnalisable.

Wie das berühmte Getränk spielt  
Alexander im Gleichgewicht:  
Leicht abgerundete Seiten mit  
Artelinea-Holzoberflächen,  
Metallhandtuchhalter und  
Glasfronten sind die Zutaten  
für ein exklusives und anpassbares  
Möbelstück.

design Anita Brotto

L'intramontabile Monolite si veste di nuove finiture. Portabandiera di Artelinea, anticipa l'uso di vetri stampati e incisi che annullano il carattere piatto della lastra di vetro rendendola morbida e tridimensionale.

The timeless Monolite wears new finishes. Flagship of Artelinea, anticipates the use of printed and engraved glass that eliminate the flat character of the glass sheet, making it soft and three-dimensional.

L'indémodable Monolite se pare de nouvelles finitions. Porte-drapeau de la marque Artelinea, elle anticipe l'utilisation de verre imprimés et incisés pour renverser la planitude de la plaque de verre, la dynamiser et la modeler en 3d.

Die zeitlose Monolite ist in neuen Ausführungen gekleidet. Als Aushängeschild von Artelinea wird die Verwendung von bedrucktem und graviertem Glas vorweggenommen, das den flachen Charakter der Glasplatte aufhebt und sie weich und dreidimensional wirken lässt.
